Bad Axe—Be careful what you say, partner, when you're up in the Thumb.

Here is a Michigan five-county region, comprising Huron, Tuscola, Sanilac, Lapeer and St. Clair counties, which is famous for agricultural yields.

The burns are bright red, and the silos green. Aluminum roofs tell a story of new prosperity.

Huron county's soil conservation payments, for example, totaled \$241,545 this year. Adding \$170,000 beet sugar subsidy to Huron's AAA benefits, it noted a \$417,000 blessing from Uncle Sam to this one Thumb county.

Huron farmers plowed under 24,517 acres of sweet clover, among a lot of other good soil-building practices.

The \$241,545 from the federal treasury, Tuscola AAA payments amounted to \$204,940.

Favored by good prices, farmers are paying off indebtedness, improving buildings, buying modern appliances for the home, and otherwise getting caught up to city progress. Yes, times have changed on the farm, and the Thumb is Michigan's window case to prove it.

All of this was impressed upon this column's Michigan Marco Polo as we rolled our cabin-out wheels around the rim of the Thumb on a quickie travel tour.

A dairy farmer came to Sandusky the other day and banked a \$1,218 milk check for a month's milk production. Such is not out of the ordinary in Sanilac county which ranks first in Michigan for number of livestock head and milk cows. Which county was second? Huron. Third? Saginaw.

At Crosswell, home of five receiving stations for the Michigan Milk Producers Association, a Sanilac county farmer recently deposited a \$1,700 milk check.

A Huron county bean farmer last year grossed \$80,000 when the price of beans skyrocketed following a disastrous wet season elsewhere.

The livestock industry is booming throughout the Thumb. It's a land of beefsteaks and milk. Lapeer county now out-ranks Kent county as to number of livestock head, although Kent leads with milk cows. Tuscola and St. Clair are also high on the list.

Bay county is next to Montcalm as to early potatoes.

Huron, Tuscola and Saginaw were first, second and third in dry bean yields last year, while better yields are in sight for 1948.

Sanilac's wheat acreage last year was 54,000, with 21-bushel average per acre. Shiawassee was second in acreage but higher in production. Huron, Saginaw and Tuscola—other Thumb counties—were high in the column. Wheat prospects in 1948 are rosy.

Thumb impressions in brief.

Harbor Beach, where Associate Justice Frank Murphy was born, has the only motion picture theater in Michigan owned and operated by a public school district. The Community Theater is run by the town board of education. Annual profits, \$8,000 to \$10,000, go into the school treasury. A new high school building is under way.

The Harbor Beach Resort Association, membership colony, has a salt water swimming pool.

The Bad Axe Community has erected a large grindstone, set on a concrete holder, as a memorial to vanishing Grindstone City, up at the tip of the Thumb.

Huron County operates a park at Caseville north of Sebawing. Pipe-smoking C. W. Cheney, popular with his guests, reports that tourists fees more than pay operating costs. Port Huron's Light-house Park is also self-supporting.

White Rock, along Lake Huron, was depicted by land speculators as a prosperous city complete with court house, bank, and a magnificent lake harbor. The "phantom city" never materialized.

Whitfish and chicken, all on the same plate! A specialty at Bill Dorney's Blue Water Inn in Caseville.

Camp Arrowhead

Mrs. R. Fairbank and Mrs. W. Brownwell took a trip to Frederic and Kalkaska, Friday on business.

Mr. and Mrs. Otto Peterson and Mr. and Mrs. Thane Henderson spent Sunday at the former's cabin. Cedar Crater, Danenburg and son Jim, and Mrs. Brownwell took in the carnival in Kalkaska, Saturday evening.

Mr. and Mrs. William Hollis of Pontiac have a cabin for two weeks.

Mr. and Mrs. Mickie Stroker of Detroit spent the week end at camp.

Everette Kercher and a party of friends spent the week end at the former's cabin on the Manistee River.

George J. Reger and son of Muskegon spent the week end in camp.

Mr. and Mrs. John Gossett and a party of relatives from Idaho spent the week end at Camp Arrowhead.

Ralph Fairbanks is making improvements on his cabin "North" while on a two weeks stay.

Mr. and Mrs. C. H. Lander and daughter and Miss Maud Phillips spent a week with us.

Fred Brownwell made a business trip to Houghton Lake, Monday.

The Kalkaska Road Commission is opening a road from Highway 72 to Riverview.

Grayling Independents Drop Mio To Keep Season's Record Clean

Gildner Hurls, Hits Team To Victory

The Grayling Independents dropped Mio for the second time this season at the City Park field here last Sunday to wind up their regular season's schedule without a loss.

Bob "Musty" Gildner again hurled the Grayling squad to victory and drove a homer over the fence in the eighth inning with one man on the bases to sew up the game for Grayling 3 to 1. Gildner struck out 7, walked 2 and issued one walk.

With Gildner, Ed Carlson and Sandy Thompson leading the way with two hits each, Grayling garnered 9 hits off from the Mio hurler, Brothers who struck out 2 and issued one walk. Each team committed one error.

Grayling scored one run in their half of the second inning and the game then went scoreless until the last of the eighth inning when Grayling pushed over their other two counters. Mio scored one run in the last of the ninth and had runners on second and third with but one out when a fly was hit to deep center field.

Sandy Thompson hauled it in with a circus catch and doubled the runner off second to end the game.

A game Thursday night between Grayling and the 172nd Fighter Squadron team was called at the end of the sixth inning because of darkness. The game ended in an 8-8 tie.

The Guard flyers play Class A baseball in a Detroit league and gave the Grayling boys a real battle. This tie is the only blot on the locals record this year. Counting in the tie game Grayling scored 142 runs during the season to their opposition's 80. They won 23 games and tied the one.

League playoffs start this Sun-

day with Grayling meeting Mio here. Houghton Lake meets the Roscommon Shamrocks there and Fairview travels to Comins. The three winners of next Sunday's games will draw with one team gaining a bye. The team that gains the bye will play an all-star team of the three losing nine on Sunday, August 22 and will then meet the winner of the second round on August 29 for the league playoff crown.

Reunion Dance At Lovells Saturday

A committee has completed plans for a reunion dance at the Lovells Town Hall, Saturday night with the proceeds to go for the completion of the Lovells Church.

The dance will aid in the completion of the church which was begun last year with funds raised by the Cheerful Givers Club of Lovells. The ladies have worked hard and long to raise the money for this worthwhile project. The exterior of the church is pretty well completed and now funds are needed to finish the interior.

The club with the aid of the Pochelon family, Mr. and Mrs. Carl Nash Miller and Mrs. Ella Wilcox have planned the reunion dance for this Saturday night. There will be both round and square dancing to the music of the Rhythm Kings orchestra. The ladies will have refreshments including coffee and soft drinks on sale. A radio will be awarded as a door prize.

Remember the date Saturday, August 14, at 8:30 at the Lovells Town Hall. Come and bring your friends. You'll see lots of people you know.

Kiwanis Club Notes

Major Urban L. Drew of the Michigan National Air Guard was the speaker at the regular weekly meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn, Monday evening. He was introduced by Roy Trudgen who was in charge of the program.

Major Drew spoke on the training of the Air Guard at Grayling, their tactical problems and dwell at some length on their mission with the Missouri, Illinois and Wisconsin Air Guard which took place the following day.

He gave a short history of the growth and development of the Michigan Air Guard and spoke of their plans for future development. He said that the Grayling base was ideal for their training program and received high praise from Major General Kenneth F. Cramer, head of the National Guard Bureau at Washington when he inspected the unit and base last week.

Second Vice President, Willard Cornell presided at the meeting in the absence of President Arthur Clough and first vice president Elmer Burns who were in Cadillac attending a divisional meeting of Kiwanis.

We Need Faith

In a recent speech, Martin R. Gainsbrugh of the National Industrial Conference Board, dealt with the all-important and little understood topic of how far this country—which is supposed to be the leader of the anti-Communist forces of the world—has gone along the road which ends in Communism, dictatorship, and the destruction of property rights. Here are some examples.

One plank of the Communist Manifesto, the century-old document which summed up in precise detail the principles of Communism, calls for a "heavy progressive or graduated income tax." We have an income tax so severe that the accumulation of substantial savings is virtually impossible, and the incentive to take chances, to build up new enterprise, to further develop the nation, has been deadened.

Another plank calls for "abolition of all rights of inheritance." Our present inheritance tax laws approach that goal. In case after case, when the owners of a business die the enterprise must be sold to satisfy the tax collector.

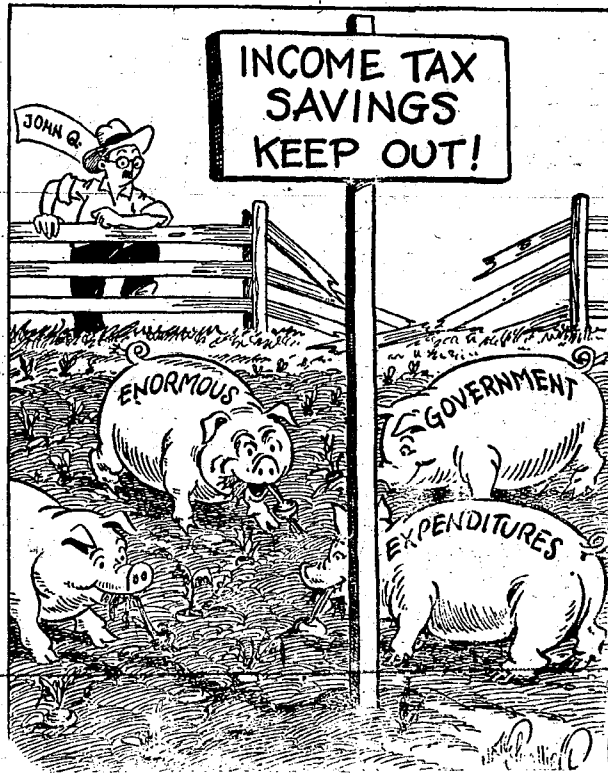

Still another plank demands "centralization of credit in the hands of the state by means of a national bank with state capital and an exclusive monopoly." Today our Federal government, in one way or another, completely dominates the money supply, credit, and interest rates.

Another plank advocates the "extension of factories and instruments of production owned by the state; the bringing into cultivation of waste land, and the improvement of the soil generally in accordance with a common plan." It is estimated that the Federal government owns \$150,000,000,000 of our national wealth. It has tremendous land and other holdings. It has gone into commercial business on a grand scale—as witness the Tennessee Valley Authority, and the various government-owned electric projects around the country.

Many more planks from the Manifesto which we have unwittingly adopted in part could be cited. In Mr. Gainsbrugh's words, "The disciples of capitalism need faith. . . In too few can there be found a view that capitalism contains within itself the same seeds of expansion as in the past century. What is needed is a favorable environment for further capital accumulation of private property and a greater degree of voluntary, personal control over its use and disposition." Let that happen, and we will effectively oppose Communism at home even as we oppose it by diplomatic means abroad.

Month's Telephone Service
For The Price of a Dinner

Perhaps you have never thought much about
it, but the average monthly telephone bill hardly
amounts to the cost of a good dinner.

When you think of telephone rates, do you
ever pause to reflect on what you get for your
money—just how much your telephone is worth
to you?

What is it worth as your sentinel of safety,
whether it be to call the fire department, summon
a doctor, or to meet some other emergency?

What is it worth as a cheerful servant, never
complaining, always making easier your routine
tasks of buying, selling, ordering, hearing, telling,
asking?

What is it worth in the thousands of steps and
countless moments it saves you every day?

What is your telephone worth to you?
